## Not Just A CALENDAR

**Look productive. Impress your boss. Be the envy of co-workers. Improve your in-cubicle existence at work!**

With Cedco's DILBERT™ Calendar on CD-ROM, you can make every work day tolerable. Stay on top of corporate mayhem with daily, weekly and monthly calendar views, plus an event scheduler, To Do List, pop-up reminder alarm and address book. Be discreetly amused by the DILBERT™ screen saver, jigsaw puzzle and a fun Time-Wasting Advice feature. Your cartoon-a-day calendar will begin from the date you install it and continue far into the 21st Century—assuredly long past the next corporate restructuring.

### Screen Saver

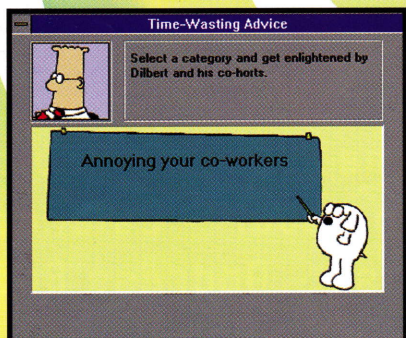

Relieve terminal boredom, Corporate Stress Fatigue Syndrome, and other mental health hazards of today's workplace with a slideshow of DILBERT™ cartoons.

### Calendar

Indispensable for the corporately challenged! View your calendar in daily, weekly or monthly format. Each format includes all your important dates and information. Click on any day for immediate access to that day's special notes.

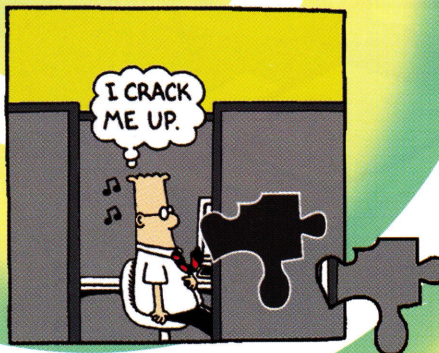

### Address Book

Locate addresses and phone numbers as fast as you can say "networking." Easy entry and sorting allow you to find entries by first name, last name, or organization.

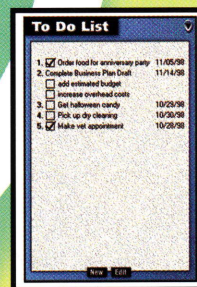

### Time-Wasting Device

Should you ask your boss for a raise? Eat microwave popcorn in front of terminated co-workers? Click on the Time-Wasting Advice button for tidbits of wit and wisdom from Dilbert and his cohorts on getting ahead, career changes, marketing, co-workers and relationships.

### Jigsaw Puzzle

More fun than a double-wide cubicle! Select any image and watch it break apart into a jigsaw puzzle for you to reassemble right on screen. Level of difficulty is determined by the number of pieces you select. Look productive while having fun...impress co-workers...fool your boss!

### To Do List

Daily To Do List helps you prioritize your work day. With a simple click, you can check off items you've accomplished, avoided entirely, chosen to ignore, or delegated to an unsuspecting co-worker.
