

Northern Arizona Healthcare

Achieve a great

work / life
balance.

Northern Arizona Healthcare

Jump start your career here.

From the snowcapped mountains of Flagstaff to the red rocks of the Verde Valley, near beautiful Sedona, we offer career possibilities as rich and diverse as the landscapes, outdoor recreation, and the grandest of all canyons, a few hours away. Our two hospitals, Flagstaff Medical Center and Verde Valley Medical Center, are among the most technologically advanced healthcare facilities in the state, dedicated to improving the health of the people and communities of Northern and Central Arizona.

New Grad Training. Excellent Benefits.

At Northern Arizona Healthcare (NAH), you can practice the highest quality of care, while receiving the training and benefits you need to enhance your career and life. Every January, June and July, Northern Arizona Healthcare offers a Nursing New Graduate/Re-entry Program at both of our hospitals. This comprehensive training program is designed to assist the new graduate or re-entry nurse who has less than one year of acute care experience. Working with a skilled and dedicated preceptor, you'll refine your general nursing skills and develop skills in specialty areas such as ICU, CVICU (FMC only), Emergency, Special Care Nursery (FMC only), Tele/Step-down, or OB/Labor & Delivery. We also offer an OR Training Program (sterile processing experience required).

Plus, as an employee of NAH, you'll enjoy an excellent compensation package that includes medical benefits, a generous sign-on bonus, relocation allowance, a 401(k), tuition reimbursement and more. If you're looking for an excellent place to launch your career, consider Northern Arizona Healthcare.
